

DECELLE VILLA

2017 COLLECTION

BURGUNDY'S NEW SENSITIVE SOUL

 Olivier Decelle et Pierre-Jean Villa (young and talented winegrower in Côte Rôtie, Saint-Joseph and Condrieu) settled their cellar in the historical building (1880) of **NUITS-SAINT-GEORGES**.

They acquired 7 hectares of vines on the White and Red Burgundy, Chorey, Beaune 1er cru, Savigny-Lès-Beaune et Côte de Nuit designations and selected grapes from the best parcels in Burgundy.

The Vines owned by DECELLE-VILLA are cultivated in bio to preserve the life of the soils and the perfect expression of the terroirs.

For the purchase of the grapes, they favored a confidence partnership with the winegrowers who share their commitment philosophy for a sustainable viticulture.

Winemaking

The winemaking practices are as respectful and as gentle as those implemented in the vineyard. Unnecessary interventionism is limited and each parcel is vinified according to its specific characteristics. The harvest's fermentation starts naturally and the grapes are crushed by hand. The heart of the extraction is carried out half way through the fermentation. Gentle and gradual extracting brings about the expression of the terroir and produces refined wines.

Maturing

The wines spend between 1 and 2 years within the silence of these walls inside 228-liter or 550-liter casks on fine lees. Tastings determine the duration of the maturing period. The latest vintages encounter encouraging and positive opinions.

Olivier Decelle and Pierre-Jean Villa became partners to make their long-time dream come true: that of winemaking subtle Pinots. " Pierre-Jean and I share a passion for wine and winemaking. Different kinds of experiences translate to extra experience. "

Jean Lupatelli, DECELLE-VILLA's winemaker started his career in New Zealand and in Australia, followed by experience with various houses in Burgundy. " His arrival has allowed us to implement our quality-driven strategy. " adds Pierre-Jean Villa.
